### **Quality Policy:**

At **BEDMUTHA INDUSTRIES LIMITED (NARDANA PLANT)**, we are committed to design, manufacturing of bright- or drawn-galvanized wire rope for the oil & gas and industrial sectors, in full compliance with customer specifications and applicable industry standards, including API Q1 requirements.

Our strategic direction is supported by the following commitments:

**Compliance and Alignment:** Ensure full compliance with applicable standards, including API Specification Q1 and 9A (Latest Edition), and align all quality efforts with our business strategy and customer expectations.

**Customer Focus:** Consistently meet or exceed customer and product requirements by understanding and addressing their current and future needs.

Consistently strive to enhance customer satisfaction by meeting or exceeding expectations in product quality, performance, and delivery.

**Measurable Objectives:** Establish and monitor quality objectives at all relevant levels and functions to drive continual improvement.

**Leadership Commitment:** Maintain top management involvement in defining, implementing, reviewing, and continually improving our quality management system.

**Communication and Understanding:** Promote awareness and understanding of this policy across all personnel through training, engagement, and clear communication.

**Continuous Improvement:** Commit to the continual enhancement of the effectiveness and efficiency of our Quality Management System.

This Quality Policy is Implemented, understood, maintained and communicated to all the employees of **BEDMUTHA INDUSTRIES LIMITED (NARDANA PLANT)** and available to relevant interested parties on their request or whenever required.
